

2 Ton Adjustable Telescoping Gantry Crane 11~15 ft Height 8 ft Span **MADE IN USA**

Key features

- Adjustable Height All-Steel Construction
- Quick assembly and disassembly for easy transport
- Designed for use with a trolley hoist (not included)
- Super-strong swivel casters (all locking) with rubber for smooth rolling
- 3 Year Warranty, Customer Support and Service in the USA

Prowinch **gantry cranes** are built for simplicity and maximum usability. With their specially designed steel structure, they are ideal for buildings and work areas, both indoors and outdoors. A low headroom hoist will make the most of your existing workspace.

This **Prowinch Adjustable Height 2 Ton Gantry Crane** will give you the safest and most efficient way to move materials anywhere inside a facility. Heavy-duty construction designed with square tubing uprights and channel base mounted on heavy-duty polymer caster that won't scratch the floor. Each caster features its own locking brake to prevent movement while the crane is loaded.

Fixed Height Steel Gantry Cranes are pre-engineered for use with power hoists. This gantry crane is designed suitable for use in permanent and semi-permanent applications. Fork truck assistance may be required for initial setup.
